Western Coastal Board

Dear [REDACTED]

Thankyou for providing the club with the draft Coastal Plan. I understand the board are having a public session at Proudfoots tonight. Could your board please look at the City of Warrnambool Rowing Club facilities- underneath the Proudfoots function room- it is knee deep in water. The shed was expected to flood 1 in 5 years. However we inundate for five months a year (from February to July approximately). We are unable to enjoy access, run events and programs, it is unsafe and reduces amenity. Please consider the impact of the flooding and the policy of river mouth opening at 1.5meters. We would appreciate a review of the policy that would eliminate the flooding or some other solution.

Thankyou for your consideration
